Through the confluence of sports, arts and education physical, intellectual and emotional growth is fostered by integration of physical activity, creative expression and academic learning.

C. Co-Curricular Activities (CCA):

क्रीडया, कलाचशिक्षयासंगमेन।
शारीरिकंमानसिकंचबलंनयति।
व्यक्तिःविकास्यते, जीवनंसज्जीकुर्यात्।
समृद्धिःधर्मश्चसाध्यंभवेत्।

This profound Sanskrit verse conveys timeless wisdom, encapsulating the essence of co-curricular activities in the lives of students.

At STNMS, CCA programs have been conducted weekly for the past 8 years to enhance team spirit, confidence, and stage courage among students. Various academic and cultural activities are organized every Saturday for the primary section and every Friday for the secondary section. These activities provide a platform for students to interact, collaborate, and grow, fostering mental agility, emotional well-being, confidence, and social skills. CCA lays the foundation for a balanced education and helps shape well-rounded personalities prepared for future success. As rightly said, "Excellence is the gradual result of always striving to do better."

The House System fosters leadership, teamwork, cooperation, and self-reliance, managed by dedicated Housemasters and Housemistresses.

Our students are encouraged to aim for excellence in every field, whether academic, co-curricular, or sports. We remain committed to providing them with the best resources, support, and opportunities to excel.

Primary-25	16465	203

Total- 50	27809	417

In essence, the celebration of cultural activities is not merely a joyous occasion but a vital force that sustains the diverse mosaic of human civilization, promoting a more harmonious, enlightened, and interconnected world.

This campus is not our boundary we have achieved and we got attention outside the school. The best journey of life is to answer unheard questions which help the student to develop life oriented skill along with excellence.
